

A good job is not hardie to find.

Become part of the James Hardie Europe GmbH success story. **Your Partner in Growth.**

We are the global market leader in fiber gypsum and fiber cement solutions with the fermacell® and James Hardie brands. With our ground-breaking innovations we change the way Europe builds. We are setting new standards in areas such as lean manufacturing, demand creation and implementing our push-pull strategy. Every day, our fantastic team combines the creative spirit of a start-up with the power of a global market leader.

To strengthen our team, we are looking for a

Project Engineer – Façade (m/f/d)

in **fulltime** and **unlimited** for the **region of Malmö**.

Your tasks

- Technical consulting of architects, general contractors and installers with the aim of increasing sales in Sweden with a strong focus on facade projects
- Involvement in the entire construction process: work operationally within project planning, cost estimation and documentation
- Processing and preparation of tenders, specifications, detailed technical solutions, etc.
- Pushing sales forward by technically support your regional sales team and creating project pipelines
- Acquisition of new customers (search and evaluation of potential Projects), competition monitoring (incl. market analyses and observations) and trend analyses
- Handling orders such as processing (SAP) including support in planning and organizing the logistics
- Active customer advice and support in all key matters, as well as instruction and verification of the work of processors
- Creating and actively working with an opportunity pipeline in saleforce to generate sales
- Participation in regional and national construction and trade fairs

You are...

- **smart?** You have completed a post-secondary education as a construction engineer or comparable training with several years of professional experience as well as sound knowledge in the field of building materials. Experience in façade constructions is highly desired. Furthermore you are familiar reading drawings and performing quantity surveying work as well as Drawing Management in AutoCAD and/or Revit and BIM.
- **driven?** Standing still is a foreign word for you. You've got a highly motivated mindset as well as the ability to set the right priorities quickly – and also adjust them.
- **real?** You have strong interpersonal communication skills (Swedish and English) as well as the ability to work collaboratively with your team. Commitment to the corporate culture, vision, mission and values are natural for you.

What we offer

- A very collegial atmosphere in a dynamic environment
- Continuous, individual development opportunities
- Attractive, success-oriented variable compensation model
- The freedom to participate in processes and projects

Curious?

Then become part of James Hardie. We are only strong together as a team. Diverse people drive innovation and growth. We are interested in what people think, regardless of culture, background, or personal belief. We are looking forward to getting in touch with you.
